Epson 10X00dye and pigment
Roland HiFiJet and CammJet dye and pigment
Mutoh RJ-Serie dye und pigment

Description:

SAIL-Tex is a flame-retardant cloth especially made for waterbased and oilbased inks. This media allows high-quality prints with intensive colours and definite contrasts. SAIL-Tex is suitable for in-and outdoor use.

The material is sewable and can be eyed. During the finishing you have to ensure that adequate tools are used. Furthermore it is necessary that eyes are placed in a distance which is proportionated to the expected wind load and own weight of the banner.

Typical Applications:

Banners at Fairground, Stagedecoration, Banners for Outside
